

TRUE NORTH BINGO

DIRECTIONS:

Cut out the squares below (or write the numbers 1-24 on individual papers). Draw one and read both the number and the action. Kids place a Bingo marker on the square with that number and then perform the action for a given amount of time or until a designated sound is signaled. Repeat until someone gets 5 in a row and calls out "Bingo!" (or "True North!" or "Trust Jesus!").

Supplies: Have small white balloons or lightweight/inflatable balls (one per crew) ready to go for Activity #3. Optional: Spray kids with water during Activity #22

Variation: Play by crew (one Bingo board per crew) or team up an older child with a younger child and play as partners.
