

CONVERSATION STARTERS

Cut out and assemble a cube. Kids take turns tossing it and answering the questions to get to know each other better.

If you could be any rainforest animal, what would you be? Why?

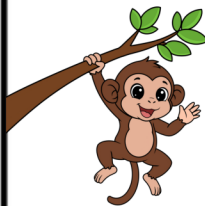

Your parrot friend wants to learn a new song. What song will you teach her?

Would you rather be as tiny as a poison dart frog or as big as a green anaconda? Why?

A blue morpho butterfly will give you a ride wherever you want. Where will you go?

You can share 2 games or toys with your monkey friend. What will you share?

You just built a jungle hut. Who will you invite to stay with you?

Ready to make it bigger and better? Enlarge each square on a copier and glue the squares to the six sides of a box. Kids can toss the box in the air and see which question lands on top.
